NEW SOUTH WALES.

VITAL STATISTICS.

TWENTY-FIFTH ANNUAL REPORT

FROM

THE REGISTRAR GENERAL, ON VITAL STATISTICS.

Presented to Parliament by Command.

SYDNEY: THOMAS RICHARDS, GOVERNMENT PRINTER.

1881.

1881.

VITAL STATISTICS.

THE REGISTRAR GENERAL TO THE HONORABLE THE COLONIAL SECRETARY,

TRANSMITTING ABSTRACTS OF

MARRIAGES, BIRTHS, AND DEATHS,

FOR THE YEAR 1880 :

WITH PREFATORY REPORT.

Sir,

Registrar General's Department, Sydney, 4 July, 1881.

I beg to forward herewith the returns relating to the Registration of Marriages, Births, and Deaths, during the year 1880.

The population of the Colony on the 31st December, 1880, was estimated at 770,524 persons. The Population. rough returns of the Census taken on the 3rd April last show that this estimate has not been realized by about 20,000 souls. I have no doubt that this deficit in my estimate has been occasioned by two causes : firstly, from inaccurate returns of the departures from the Colony, and secondly that a number of deaths have been escaping registration. As to the first cause, I may state that I have had an interview with the Collector of Customs, from whose department I receive quarterly returns of arrivals and departures, and he states that he finds it next to impossible to afford me correct figures as to the departures from the Colony seaward. It appears that steam-vessels carrying passengers are in the habit of clearing without giving a complete list of those whom they are taking away. The subject is, in my opinion, of sufficient importance to advise that a new system should if possible be devised, which will have the effect of producing more reliable figures than heretofore supplied.

As to the second cause, I may mention that I have of late been advised that a number of deaths have not been recorded in obedience to the Registration Act (19 Vic. No. 34). I propose therefore to remedy this defect by laying information against any person who, being the tenant of a house, shall neglect to register the death of any person who may have died in such house, in terms of clause 21 of the before-mentioned Act. By this means I feel assured, if I can obtain ready and willing assistance from the Crown Law Officers, this reason for complaint will soon pass away.

The number of Marriages celebrated in the Colony during the year 1880 was 5,572, showing an increase of 181 on the previous year. The registered Births for the year numbered 28,162, of which 14,424 were males and 13,738 females ; the increase on the previous year being 1,229. Marriages,
Births, and
Deaths.

The number of Deaths registered during the year was 11,231, being 1,031 in excess of the figures for the previous year.

(A.)

Minors, &c.

There were 1,671 persons married during the year under the age of 21 years. Of these, 126 were males and 1,545 were females. The percentage of these persons to the total number married in the Colony is 14'81. In Sydney the percentage is 11'54, in the Suburbs 10'90, and in the Country Districts 17'63. Minors who were unable to affix their signatures to the Marriage Registers numbered 94, viz., 12 males and 82 females. Of the total number of minors married there were 5'62 per cent. who did not sign their names.

Illegitimates.

The illegitimate births of the Colony for the year 1880 numbered 1,226, as against 1,215 in the previous year. The percentage which these births bear to the total number of births is 4·35. In the City of Sydney the percentage of these births is 11·00, in the Suburbs 3·25, and in the Country Districts 3·36.

DEATHS.

The total number of deaths registered in the Colony during the year 1880 was 11,231, being an increase of 1,031, or 1·11 per cent. on the number of deaths for the previous year. Male deaths numbered 6,638, and female deaths 4,593, or 59·10 and 40·90 per cent. respectively to total deaths. There were 2,740 deaths registered in Sydney, 2,180 in the Suburbs, and 6,311 in the Country Districts, which is a percentage in each division of 24·40, 19·41, and 56·19 respectively. As compared with the previous year, the increase amounted to 20·91 per cent. for the City, 32·28 per cent. for the Suburbs, and 0·40 for the Country Districts.

INFANTILE MORTALITY.

From the total number of deaths for the year we find that 4,910, or 43.71 per cent., were those of children under the age of five years. The increase on the previous year is 0.88 per cent., and the average for the last ten years is 43.02 per cent. The percentage of these deaths to those of the year, in Sydney, Suburbs, and Country Districts, is 47.19, 58.53, and 37.09 respectively. The increase on the previous year for Sydney is 7.52 per cent., and 3.80 per cent. for the Suburbs. The Country Districts show a decrease of 3.76 per cent.

* Waterloo was not created a separate Registry District till January, 1872 ; Randwick a Sub-district of Paddington in September, 1872 ; and Waverley, Sub-district of Paddington, 1st August, 1876 ; Woollahra a Sub-district of Paddington, 1st August, 1878 ; Manly a Sub-district of St. Leonards, 1st July.

Of the various causes of death during the year 1880, it will be seen that *Zymotic* diseases form 19·39 per cent. of the total number of deaths. These figures are 1·24 per cent. lower than those of the previous year; the average for the past ten years being 22·75 per cent. Scarlatina, Measles, Diphtheria, Dysentery, &c., formed 17·09 per cent. Under the class styled *Constitutional*, of which Gout, Dropsy, Cancer, Phthisis, Tubercular Diseases, &c., form part, we find that 13·05 per cent. of deaths occurred. This percentage is about the same as that for the previous year, and 0·46 per cent. higher than the average of the last ten years. The class called *Local* supplies 41·37 per cent. of deaths, which is 1·56 per cent. in excess of the percentage for the previous year, and 2·53 per cent. over the average of the last ten years. The principal orders under this class are Nervous and Respiratory, which produced 13·34 and 13·79 per cent. respectively. Diseases under the head of *Developmental* form 17·61 per cent. of total deaths, Old Age producing 6·24 per cent., and Atrophy and Debility 6·00 per cent.; children's complaints forming 4·40 per cent. The percentage for the year is nearly the same as that for the preceding year, and a shade under the ten years' average. Deaths from Violence formed 7·91 per cent. of the total number of Deaths.
